Testimonials

Hi Angele,

I hope you enjoyed your weekend!

I am emailing to express my deepest gratitude for catering at two of our biggest events during our campus's Orientation Week. Everything was brought on time, and I really appreciated that you and your staff went above and beyond in helping us step-up and making sure everything was in place before leaving. Our events were a hit, and everyone in attendance really enjoyed the meals and the positive feedback was overwhelming.

I also appreciate your patience during the whole process. You've been nothing short of amazing, and our events truly would not have been what it was without your help!

Please also send your staff my kindest regards - I look forward to connecting with you again in the future!

Kind regards,

Our experience with Angeles Catering was amazing. We had a buffet style dinner at our wedding reception and our guests loved it. Everything was fresh and delicious. I got so many compliments on the food and the wonderful staff. They were polite and courteous and incredibly caring when it came to dietary restrictions. Even though most people went for seconds (or thirds) there was so much food leftover that we were fed for the following week! (Which is great because everyone was exhausted after the festivities and nobody felt like cooking.)

The team at Angele's made everything so easy and stress free. I would recommend them to anyone and everyone.

Thanks again!!

Thank you to you and your team Angele, for everything you did to provide a successful event last night! I heard nothing but rave reviews about the delicious meal - everyone thought the meat was cooked to perfection, the menu was just right for the crowd and the dessert was delectable! I also really appreciate your quick attention to address the canopy when the weather didn't cooperate!

Please be sure to share my thanks and I look forward to working with you again in the future,

Angele

First and foremost, thank you very much for your support and services last night. We had excellent reviews from all in attendance. I think it's a huge compliment for a Caterer to have people go up for three plate full service of food. Your servers and staff were excellent and we thank them for all of their hard work. You are incredibly easy to work with and very accommodating with requests. I can honestly say that was a fantastic meal and I LOVE the chocolate lava cake!

Thank you again for all you did!

Hello Angele,

I just wanted to send you a thank you note for all of your help in making my party a great success. Your food was fantastic, the presentation was beautiful and together with the amazing service I received from you personally, my husband and I have been singing your praises to all of our friends and family! People are still calling and messaging me to comment about how delicious the chicken parmigiana was!

I will definitely be using your services again, and I only hope you realize what a relief it was to find someone professional and helpful like you to take the stress out of party planning!

Thanks again!

Dear Angele,

Just a quick note to say thank you so much for your amazing catering services last weekend! Hosting an open house party for over 70 people seemed a daunting task until we booked you to handle the catering. Even though we had no prior knowledge of you or your services, once we spoke to your references and met with you in person, we knew you were the right choice for us. On the day of the party you completely met and even exceeded our expectations. The food was beautifully presented, hot when it was supposed to be hot, cold when it was supposed to be cold and all our guests commented on how great everything tasted. It was hearty and generous food with just the right amount of 'fancy'... it made it party-worthy but not to the point where people were asking 'what am I eating?'

As a caterer, you were wonderful and many of our guests commented on this and asked us for your contact information. We liked the fact that you were professional and took charge when needed, but were very friendly, flexible and laid back at the same time. We would highly recommend your services and will be saving up for our next party so that we can have you cater it again!! How nice for us to be able to actually greet and visit with all of our guests throughout the day, instead of serving, cleaning and replenishing the food!

Thanks again for helping make our party a memorable event for all, and best wishes for continued success!
